☆ Sinoway News and Market Information

1.Price adjustments for some products

Since March 2026, the ongoing conflicts in the Middle East have driven up international oil prices, resulting in higher freight costs and price increases for certain raw materials. And the exchange rate is unstable (RMB has appreciated about 4% in the past 3 months),, so we have to adjust the prices of some products. If you have any new enquiry and new potential orders please kindly let us know in advance, then we will check the latest shipping cost and update the best prices to you.

2.Sinoway has fixed to attend below 3 exhibitions in 2026:

Apri.21~23,2026 CPhI Japan(Tokyo), Sinoway booth: 2D-34

Jun.16~18,2026 CPhI Shanghai, Sinoway booth: E1D57

Oct.06~08,2026 CPhI Worldwide(Milan), Sinoway booth: 10H67

Sinoway have been attending above exhibitions for over 30 years as exhibitors and we have long term partners in above abroad areas.We sincerely hope to connect our professional team with customers worldwide.

3.Holiday Notification

We will have holiday during April 4th to 6th for our traditional Tomb-Sweeping Day .
