☆ Sinoway News and Market Information

1. Sinoway to Showcase Pharmaceutical Solutions at CPHI Milan 2026

Sinoway Industrial Co., Ltd. is excited to announce its participation in **CPHI Milan 2026**, held from **October 6 to October 8** at **Fiera Milano, Italy**. Industry professionals and partners are cordially invited to visit our team at Booth **10H67**.

This year, Sinoway's expert delegation, Xie (CEO), Shirley Shi (Sales Director), Dr. Annette Wang (Project Manager), Serein Yan (Sales Manager), will be on-site to discuss global collaborations, high-quality **APIs, intermediates, health&cosmetic ingredients** and custom **CDMO** services. Whether you are looking for stable supply chains or advanced manufacturing partners, the team looks forward to connecting with you in Milan.

2. Newly Certified Products in Aug 2026

No.	Substance	Certificate/ Document	Holder
1	Epirubicin hydrochloride	CEP	ZHEJIANG HISUN PHARMACEUTICAL Co., LTD
2	Olive Oil, Refined	CEP	SICHUAN GOWELL PHARMACEUTICAL CO. LTD.
3	Fish Oil, Rich in Omega-3 Acids	CEP	SICHUAN GOWELL PHARMACEUTICAL CO. LTD.
4	Mirabegron	US-DMF	JIANGXI SYNERGY PHARMACEUTICAL CO., LTD.
5	Vitamin E	FAMI QS	WANHUA CHEMICAL GROUP CO., LTD.
6	Vitamin B12	FAMI QS	NCPC

☆ Advantageous Product Introduction

This month, I'd like to introduce our high-purity **Ruxolitinib base (CAS No.: 941678-49-5)** to support your R&D and manufacturing requirements.

About the Product & Therapeutic Application:

Ruxolitinib Phosphate is a selective **Janus kinase (JAK1 and JAK2) inhibitor** widely used in the treatment of myelofibrosis, polycythemia vera, and graft-versus-host disease (GVHD). Topical and extended formulations are also extensively researched and applied in immunology and dermatology (e.g., atopic dermatitis and vitiligo).

We currently hold ready **kilogram-scale stock** produced under **GMP-like conditions**, ensuring outstanding purity, batch-to-batch reproducibility, and reliable supply.

Key Product Highlights:

- **Product Name:** Ruxolitinib Base (N-1)
- **CAS No.:** 941678-49-5
- **Purity:** Up to **99.9%** (by HPLC)
- **Isomeric Impurities (Two Specifications Available):**
 - High-Purity Grade: Isomeric impurities < **0.1%**
 - Standard Grade: Isomeric impurities < **0.5%**

Address: 16/F., HUICHENG COMM.COMPLEX, 839 XIAHE RD., 361004. XIAMEN, CHINA
TEL: 0086-592-5853819 Fax: 0086-592-5854960 Email: xie@china-sinoway.com

www.china-sinoway.com

- **Production Standard:** Produced under strict **GMP-like** conditions
- **Audit Support:** **On-site factory audits are fully supported and welcomed**
- **Documentation Support:** simple DMF available upon request (e.g., **Stability Data (including IVB), Impurity profile, validated MOA**)
- **Supply Capacity:** **Kilogram-scale inventory** ready for immediate shipment

Whether you require material for formulation development, analytical standards, or commercial production, Sinoway is committed to providing high-grade products with complete transparency and strong quality compliance support.

Please feel free to contact us if you would like to request a sample, COA, quotation, or schedule an on-site facility audit.

*Note: products under patent are only for R&D purpose
